Darkness falls on the beautiful trails of Castle Rock, and death strikes without warning. After the first body was found with its throat ripped out, Detective Wade and Dr. Kayla Niccoles seek answers. The coroner reveals the body was riddled with rabies, probably an attack by a rogue bear or wolf. But when more people are killed an enigmatic visiting zoologist presents a disturbing theory-one that goes beyond the boundaries of natural law. To protect the town and the people he loves, Wade will have to

face the beast on its own killing ground: the cliffs and caves of Castle Rock. What you don't see can kill you!
