She just ran from the most humiliating moment of her life...

... and now she's trapped on an island full of eccentric old people.

How did she go from being a respected ICU nurse to being the sole caregiver for almost one-hundred difficult retirees?

Danielle ponders that thought when she learns that the last eight nurses left the job, and that most of the residents don't want her there either.

And then there's the handsome and wealthy entrepreneur who owns the whole island, of course.

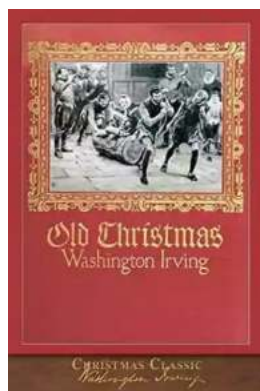

Will she choose to create a new life surrounded by people twice her age, or will she go back to the life she ran away from in the first place?

In book 1 of this funny and heartwarming southern women's fiction series, you'll have plenty of belly laughs as USA Today bestselling author Rachel Hanna tackles the reality of the way the aging population is often treated by their own families and how friends can become true family.
