Maybe I would have claimed her more gently if she didn't beg for it... but probably not.

After watching over this world for millennia, a girl wandering in the woods should have been of no interest to me. But the moment I saw her bathing in

a stream, I knew Emma was mine.

I kept myself from throwing her over a fallen tree and ravaging her... but only for a few hours.

If she had been obedient, I might have held instinct at bay a little longer. It was the scent of her helpless arousal as I reddened her bare bottom that tore away the last vestiges of my self-control.

But it would have made no difference in the end.

Sooner or later, she was always going to scream my name as I mounted and rutted her.

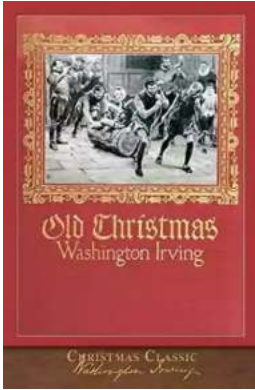

A beast must claim his mate.
