

The Shocking Deep State Connections Of The Anti Trump Cabal

Since Donald Trump announced his bid for the presidency, he has faced fierce opposition from a powerful and secretive group known as the Deep State. This cabal of influential individuals, operating behind the scenes, has been actively working to undermine and sabotage Trump's administration at every turn.

But who exactly makes up this cabal, and what are their ties to the Deep State? In this article, we will dive deep into the shocking connections between the members of the anti-Trump cabal and the Deep State apparatus.

The Shadowy Figures Pulling the Strings

One prominent member of the anti-Trump cabal is George Soros, a billionaire investor and philanthropist. Soros has long been accused of using his vast wealth and influence to sway political events in his favor. His Open Society Foundations have been implicated in funding various left-wing organizations that have actively opposed Trump's policies.

Another key player in the anti-Trump cabal is James Comey, former Director of the Federal Bureau of Investigation (FBI). Comey was instrumental in launching the investigation into alleged Russian interference in the 2016 election, which ultimately led to the appointment of special counsel Robert Mueller. Many believe that Comey's actions were politically motivated and aimed at undermining Trump's presidency.

Furthermore, John Brennan, the former director of the Central Intelligence Agency (CIA), has been a vocal critic of Trump. Brennan has been accused of using his position to stifle intelligence that could be damaging to the anti-Trump narrative, while also leaking classified information to the media.

The Deep State's Web of Influence

These individuals are just the tip of the iceberg when it comes to the Deep State's extensive network of influence. Other notable figures include high-ranking officials within the Department of Justice, members of Congress, and influential media personalities.

The Deep State operates by leveraging its connections and influence to manipulate government institutions, media outlets, and public opinion. By controlling the narrative, they can shape public perception and undermine any individual, like Trump, who challenges the established order.

The Deep State's Motives

So, why is the Deep State so vehemently opposed to Trump? The answer lies in the president's populist and anti-establishment agenda. Trump's policies, such as immigration reform, renegotiating trade deals, and draining the swamp, threaten the entrenched interests of the Deep State.

For decades, the Deep State has operated in the shadows, benefiting from an interconnected web of power and influence. Trump's presidency poses a direct threat to their grip on power, prompting them to deploy their extensive network to protect their interests.

The Fight Against the Deep State

Despite the Deep State's vast resources and network, many Americans are becoming increasingly aware of their existence and influence. Grassroots movements, alternative media outlets, and independent journalists are working tirelessly to expose the truth and hold the Deep State accountable.

Furthermore, Trump's presidency has brought the issue of the Deep State to the forefront of public consciousness. By openly challenging their authority and shining a light on their actions, Trump has empowered ordinary citizens to question the status quo and demand transparency.

The Road Ahead

The battle between Trump and the Deep State is far from over. As the 2020 election looms, the Deep State is mobilizing its forces to ensure Trump's defeat. The question remains whether the American people will see through their machinations and reject the influence of the Deep State, or if they will succumb to their manipulation and maintain the status quo.

, the connections between the members of the anti-Trump cabal and the Deep State are numerous and alarming. The influence and power wielded by these shadowy figures pose a significant threat to democracy and the will of the American people. It is up to us, as informed citizens, to stay vigilant, question the narratives presented to us, and demand transparency and accountability from those in power.

As seen on The Ben Shapiro Show!

Follow the Money exposes the labyrinth of connections between D.C.'s slimiest swamp creatures—Democrat operatives, lying informants, desperate and destructive FBI agents, Obama power brokers, CIA renegade John Brennan, George Soros, and more—who conspired to attack Trump by manufacturing one bogus scandal after another.

Bestselling author, podcast favorite, and Fox News contributor Dan Bongino delivers the third and most shocking of his acclaimed series chronicling the Deep State war against Donald Trump. Starting with the Trump impeachment hearings, Bongino works forward and backward to piece together the connections of a vast, well-funded cabal of wealthy Democrats and D.C. swamp elite to the non-stop deluge of manufactured scandals launched specifically to attack, destabilize, and ultimately remove Trump and his administration.

Zooming in on Ukraine, Bongino unspools a complex sequence of corruption—from the miraculous “discovery” of a mysterious black ledger that linked financial transactions to Trump campaign insider Paul Manafort and cast a shadow over the entire Trump team, to Joe Biden’s unexamined quid pro quo interference with Kyiv politics as he threatened to withhold a loan unless a prosecutor was removed from office. The former Secret Service agent exposes how Glenn Simpson, the corrupt cheerleader behind the lie-filled Steele dossier, wrangled millions from top Democrat donor George Soros to meddle in Ukraine politics. Bongino also reveals Soros’s desperate multimillion-dollar plan to stop Trump’s re-election.

Using FBI documents, Bongino reveals the outrageous actions of Robert Mueller’s investigators, who sat on evidence that proved the supposedly damning Trump Tower meeting between a Russian lawyer and senior campaign officials was nothing more than a twenty-minute waste of time for all involved. Other chapters delve into the disturbing presence of Obama’s fixer, obstruction angel Kathryn “Kathy” Ruemmler, who represents a rogues gallery of Russiagate political operatives; the FBI’s inside source on the National Security Council, Anthony Ferrante, who dedicated himself to the fruitless task of trying to prove the Steele dossier was legitimate; and

“Special Agent 1” Stephen M. Somma’s curious obsession with Lt. Gen. Michael Flynn, which was stoked by a Flynn-fixated paid operative named Stefan Halper.

Flynn is the centerpiece of one of the book’s most revealing chapters, in which Bongino deconstructs the FBI’s elaborate takedown of Trump’s National Security Advisor, revealing how and why the three-star general was set up not once...but three times. Bongino also returns to the last, desperate attempt to derail Trump—the impeachment trial—and uncovers Adam Schiff’s lies and the Ukraine-call whistleblower’s multiple secret ties to never-Trumpers and Schiff himself. In the final chapter, Bongino unveils the newest front to stop Trump: the unleashing of COVID-19 from China and how the disease mutated from a killer plague in Wuhan to a weapon to destroy America’s economy and, with it, Trump’s re-election chances.

Follow the Money displays dizzying detective work from a truly relentless, passionate, and patriotic reporter. An astonishing chronicle of the relentless war to destroy Donald Trump and his administration, this exposé is a must-read for anyone who wants to unravel the most shocking and corrupt campaign to unseat a sitting president in American history.
