People with advanced degrees and calculators in their pockets become utterly dumbfounded when they hear that Betty James didn't sell Slinky to some giant toy conglomerate years ago. Wouldn't that, after all, be the American way? Betty could sign a few papers, make zillions, and go sit poolside at some lovely condo off the coast of Florida for the rest of her life instead of coming in here to this old factory five days a week. It's not as if she hasn't had offers. "Oh, I have been wooed by some of the best," says Betty, pointing out that once a week someone will breeze through here and try to buy her out. But Betty just says no, no, a thousand times no.

The Slinky Lady is Jeanne Marie Laskas's unforgettable portrait of unlikely businesswoman Betty James, who at 75 had been keeping the Slinky business alive and thriving for more than 30 years, after her husband, Slinky inventor Richard James, abandoned it—and her.

The Slinky Lady was originally published in the Philadelphia Inquirer Magazine, July 11, 1993.
