AN ANCIENT POWER AWAKENS

In 1801, a British officer discovered a clue to one of the most coveted relics in history, a weapon so powerful it could mean deaths for hundreds of thousands of people.

Sean Wyatt just wants bullets to stop flying his way.

He did his time as a government agent with the Axis Agency, and as an artifact recovery and security specialist for the IAA.

Now he just wants some peace and quiet, but when he rescues a friend from being executed in the mountains of Tennessee, Sean and his sidekick, Tommy Shultz are thrown into a high octane game of cat and mouse with a wealthy businessman who will stop at nothing to get his next prize.

And that prize could grant him unimaginable power.

Will Sean and Tommy be able to find the artifact in time? Or will it fall into the hands of a man who built his empire on the sex slave trade, and fuel his sinister plans for expansion?

Welcome to the IAA.

The International Archaeological Agency operates out of Atlanta, Georgia, and is focused primarily on securing and transporting artifacts. Now and then, IAA agents are required to go beyond that mission statement and venture into dangerous, uncharted waters.

The fact you're looking at this book says you're ready to join the adventure with the agents of the IAA, and enter a whole new world of discovery.

Ernest Dempsey blends elements from political, pulp, historical, travel, action and adventure, and conspiracy thrillers into a ripping hot, up tempo action story that will keep you pinned to the pages until you have to turn just one more. Each book represents hundreds of hours of research into history, secret societies, ancient cultures, and legends.

These stories read like Indiana Jones, the Goonies, and John Wick combined with Clive Cussler, James Rollins, Steve Berry, and Dan Brown.

Welcome aboard. Enjoy the adventure.
