If you have a service to sell, Fiverr will let you pump up profits – Quickly

If you've never heard of Fiverr before, it's this crazy hot new website where buyers and sellers get together to exchange money for services. And, get this - the price on everything offered there is five dollars, no more, no less – Maybe!

It's just insane what some of these people are willing to do for five bucks!

There's this one guy who dresses up like Jesus and offers to make a Christmas video or a video of anything else you want. Another guy pops a set of Mickey Mouse ears on his balding head and offers to sing Happy Birthday in a depressed tone. And, before I forget, there's a lady who offers to write any message, website, URL, or anything else you want across her boobs or sexy bum and send you pictures.

And the fact is they are selling hundreds, sometimes even thousands of these services.

I know what you're thinking! How can anybody make money, even if you do thousands of these things, if you only charge five bucks?

The answer is gig extras, and good old fashioned tips. Many sellers hang a new-fangled cyber tip jar out there to collect a little extra love for a job well done. But the real money is in the gig extras.

Just what are gig extras, you ask. Gig extras are this hot new idea Fiverr has developed that is allowing many sellers to consistently turn five bucks into fifty or one hundred dollars. There is no limit to the type of gig that you can offer. If you can imagine it, you can do it.

Kindle books are HOT! If you ever wanted to write a book – Now is the time!
