**\*\* Please note \*\*** this book is designed as a workbook! In the print edition, every idea is listed at the top of the page, generally one sentence or less, and then the entire rest of the page is lined to give you space to brainstorm your own idea or script, outline, bullet-point, or in any other way plan out your video. THIS WORKBOOK DOES NOT MAKE MUCH SENSE AS AN E-BOOK. (as one reviewer mentioned, lol) That said, I got numerous requests for it to be made available as an e-book, so I went for it.

So you want to start a vlog! Fantastic! This book is designed to give you idea prompts for the first 100 vlogs you make as you build a personal brand or business. There is plenty of blank space to ideate, outline, script, or jot down your own ideas! In here you'll also find a couple of encouragements, and options for different ways to think about each idea.
